

FOR GYM OWNERS • ABUJA

Every expired member who walks in free is **money out of your pocket.**

Gym House replaces your paper register with a live system — QR check-in, automatic renewal reminders, and Paystack payments. Your members check themselves in. You see everything from your phone. **Live in 2 hours.**

WHAT YOU GET

- 1 QR check-in at the door.** Every visit logged in seconds. Expired members are blocked automatically — no arguments.
- 2 Members check in themselves.** No reception queue. No “I already paid.” The system knows who is current.
- 3 Renewals paid online via Paystack.** Money lands in your account; access turns on instantly. No cash handling.
- 4 See who is in the gym right now.** Live occupancy and attendance history — from any phone, no app to install.
- 5 Know your numbers.** Revenue, peak hours, and member retention in one dashboard. Export for tax or loans.
- 6 Every staff action recorded.** Tamper-proof audit trail — no disappearing cash, no ghost check-ins.

2 hrs

From handshake to live. We import your member list and set up your plans the same day.

N15k/mo

Less than the cost of one member who churns. First month free for Gwarinpa gyms.

0 apps

Runs in the browser and works offline. Nothing for members to download.

SCAN TO SEE IT LIVE

Point your phone camera here.

The demo is running now — click around as a member, as reception, and as the owner. Then tell me what you would change.
